## ROMANS STOP ADVANCE OF TEUTONIC ALLIES

### AT NO POINT ALONG LINE DOES BERLIN OR VIENNA MAKE CLAIM OF FRESH SUCCESSES

(By Republican Associated Press Leased Wire)

Apparently the Romanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies along their border. At no point along this line does either Berlin or Vienna claim fresh successes against the Romanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them and capturing numbers of their officers and men.

Violent fighting is still in progress in Galicia, where on the Narayuvka front the Bavarians have stormed a Russian position and captured 350 men and 12 machine guns. Berlin asserts that west of Lutsk, in Volhynia, following the repulse of the Russians the troops of Emperor Nicholas have not returned to the fray and are merely bombarding the Teutonic positions. The repulse of Austrian Germans is recorded by Petrograd.

Both north and south of the Somme the French troops have made fresh gains. The village of Saillly-Saillizel is now entirely in their hands and the Germans have been driven from the hills northwest and northeast. Over a front of a mile south of the river between La Maisonnette and Biaches, the German first line defenses have been broken back by the French.

East of Thiverval gains by the British north of Gueudecourt and in the region of Butte de Warlencourt, are recorded by the London war offices. Patrol encounters and bombardments feature the fighting in Macedonia.

In the Austro-Italian theater the Italians are another step forward in their advance on Trentino, having broken the Austrian line between Cosmagnon and Roite and also taken a commanding position on Mount Pasubio.

Greece still remains a center of interest as the result of the landing of entente allied marines at Piræus and Athens. Fresh demonstrations of bitterness by the Greek populace against the marines have been shown and the situation still remains tense. An appeal drawn up at a meeting of Greeks at Athens has been handed to the American people "to avert the subjugation of those who desire only to remain free."

### Vote For Hughes Means Maintenance Of Our Rights COL. ROOSEVELT APPROVES LOCAL PLANS HUGHES NOT FOR WAR IF RIGHTS ARE MAINTAINED

**PRINCESS IS WED TO HUMBLE APOTHECARY**

LONDON, Oct. 18.—The Frankfurter Zeitung announces the marriage of Princess Marie Therese of Hohenzollern to Otto Kohlmeier of Innsbruck, an apothecary and descendant of a humble Austrian family. The princess, who is 21 years of age, was married in a hospital suffering from an illness contracted on the battlefield.

**MOVEMENT ON FOOT TO SECURE STORE CLOSING**

Dwight B. Heard, chairman of the general committee on arrangements for the coming of Colonel Roosevelt, yesterday received a wire expressing Mr. Roosevelt's approval of the preliminary arrangements and in response submitted detailed plans of the meeting to Colonel Roosevelt.

Dr. John Bennett, Jr., who with Messrs. Dave Goldberg and Harry A. Diehl has been interviewing the merchants as to closing during Colonel Roosevelt's address on Saturday, yesterday announced that out of respect to the former president, the stores of Phoenix will be closed from 2:30 to 3:30. This act of courtesy is greatly appreciated by the committee on arrangements.

**ROOSEVELT SAYS OUR CITIZENS ABROAD ARE NOT BEING PROTECTED**

(Republican A. P. Leased Wire)

LOUISVILLE, Ky., Oct. 18.—Asserting that for three years there had been "no protection of our citizens abroad," Theodore Roosevelt, in an address here tonight on behalf of Charles E. Hughes, assailed the course of President Wilson in dealing with Mexico, and his conduct of the country's foreign affairs.

"It combined lofty promise and complete failure in performance. It consisted of words which were nullified by deeds," he said in summing up his view of the president's course.

Entering Kentucky in the forenoon, Colonel Roosevelt delivered more than a dozen rear platform addresses before reaching Louisville. Crossing the Ohio river at Cincinnati, the colonel took him almost to the Tennessee line. At Cincinnati he told his audience he was glad to be in Kentucky where, if it was necessary, "the people were not too proud to fight."

His largest audience were at Winchester and Richmond.

On his arrival here this evening he was met at the railroad station by a large crowd which escorted him to Phoenix Hill park, about two miles away, where he spoke. Many persons, (Continued on Page Two)

**HUGHES NOT FOR WAR IF RIGHTS ARE MAINTAINED**

(Republican A. P. Leased Wire)

KALAMAZOO, Mich., Oct. 18.—Charles E. Hughes told an audience in the armory here tonight that a vote for him, far from being a vote for war, meant a vote for the maintenance of American rights and that when Americans went abroad to further American enterprises, they should go with the "backing of the American government."

The nominee assailed the administration for its foreign policy, for its claim that it had aided business, for the Underwood tariff, for alleged failure to observe the merit system in making appointments, and for extravagance. He declared the present prosperity of the country temporary and due to the European war. The federal reserve bill, he said, "giving credit where credit was due" was largely the result of the report of the republican monetary commission, and contained "defects which should be removed."

Mr. Hughes also took occasion to correct a misquotation of the official transcription of his speech at Omaha in which he was quoted as saying that the administration had not clarified the anti-trust act but had added a "fake phrase." Mr. Hughes said he had not used the words "fake phrase" but that he said that the phrase was a vague phrase.

**PARLIAMENT'S WARY OF DEBATE ON IRISH MUSS**

(Republican A. P. Leased Wire)

LONDON, Oct. 18.—Parliament today after a set debate in the house of commons, decided by a majority of 197 that it was undesirable at present, to discuss Irish controversial domestic politics.

The Irish question was brought up by John Redmond, the nationalist leader, who introduced a motion to the effect that "the system of government at present maintained in Ireland, is inconsistent with the principle for which the allies are fighting in Europe and, if, or has been, mainly responsible for the recent unhappy events and for the present state of feeling in that country."

An amendment to this motion, introduced by John F. D. Rawlinson, representing Cambridge University, declared that "it is not desirable at the present time to discuss controversial matters of domestic politics."

The debate reached a high level, notably the speech of Mr. Redmond, attacking the government administration of Ireland, especially with regard to questions of recruiting and the treatment of rebel prisoners, and that of David Lloyd George, secretary for war, who made a conciliatory speech which did much to remove the adverse impression created in the nationalist ranks by the speeches of Premier Asquith and the chief secretary of Ireland, Henry Edward Duke.

A striking interlude was Premier Asquith's acceptance of Timothy Aulth's challenge to send the American ambassador to investigate the treatment of the Irish rebel prisoners.

At the close of the debate the home secretary, Herbert L. Samuel, denied that there had been any ill treatment, and declared that the prisoners had been treated more leniently than any political prisoners had ever been treated before.

Mr. Redmond moved his resolution in the presence of a crowded house. Among those in the gallery were Baron Stanfordham, King George's private secretary.

The Irish leader said it was undeniable that the situation in Ireland was full of menace and danger; of menace to the hopes and aspirations of Ireland and to a good understanding between Great Britain and Ireland and to the highest interests of the empire at the present moment.

"My object is to allay, not to inflame feeling and to show it is possible to save the situation," he continued. "I do not want to make a political speech and accordingly start my survey with the outbreak of the war."

From the very first, the efforts of the nationalist leaders were thwarted.

**Two Meet Death When Freight Cars Leave the Rails**

(Republican A. P. Leased Wire)

VAN HORN, Tex., Oct. 18.—An unidentified man was instantly killed while another, who before death gave him his name as Presley G. Burns, was fatally injured when four freight cars were derailed late last night at White Horse, Tex., 125 miles east of El Paso on the line of the Texas and Pacific railway. Both men were riding in a steel coal car loaded with pigging.

The face of the unidentified man was crushed in, but his underwear was marked N. T. E., his height about 5 feet 10 inches, his body marked with a scar above the abdomen, and his hair light red sandy.

Before the wreck occurred he told Burns that he left a wife and a baby two weeks old in Los Angeles, where he owned property and formerly had a confectionary shop, and had recently worked in a confectionary at Marshall, Tex.

The cause of the wreck has not been determined.

**BANDITS SLAY TWO OF SANTA FE TRAIN CREW**

(Republican A. P. Leased Wire)

BLISS, Okla., Oct. 18.—Atchison, Topeka and Santa Fe mail-express train number five, southbound, was held up and robbed by a band of robbers near here tonight.

An express messenger and a baggage man were shot and killed by the bandits. The robbers after looting the train escaped in an automobile. Police sent by special train from Perry, Okla., reported, have taken up the trail of the robbers, the number of whom is not known.

It was learned later that the express clerk who was shot and killed by the bandits was named Norman, and that the band of robbers numbered six. The safe in the express car was broken open. It has not been ascertained how much money or valuables the robbers obtained.

Norman was killed with buckshot. After killing the clerk and wrecking the safe, the bandits entered waiting automobiles on the west side of the track and disappeared.

Poses from Bliss, Perry and other nearby towns were carried to the scene of the robbery in a special train. Picking up the trail almost immediately, they followed the robbers to a ravine where they were surrounded by a posse of lawmen. The robbers were waiting for reinforcements before closing in.

It is believed that at least two of the bandits boarded the train at Ponca City. As the train neared Bliss, two men climbed to the top of the tender and commenced the engine to stop the train. When the engine obeyed, (Continued on Page Two)

**VON KLEINSMID IS HONORED BY IRRIGATIONISTS**

(Republican A. P. Leased Wire)

EL PASO, Oct. 18.—George Albert Smith, of Salt Lake City, Utah, was elected president of the International Irrigation Congress tonight at the closing business session of the twenty-third congress here. His election was unanimous as were the election of the other officers of the congress.

The report of the Spokane, Wash., Lafayette chapter of the National Association of California, was elected first vice president; L. A. Nares, of Fresno, Cal., second vice president; Kurt Granwald, of Denver, third vice president; Lafayette chapter of the National Association of California, was elected fourth vice president, and James G. McNary, of El Paso, Texas, fifth vice president.

No meeting place for the next session of the congress was selected. This matter was left to the board of governors to select a city which will best serve the interests of the congress.

The report of the committee on resolutions, which was read by Chairman Wm. E. Smythe, of San Francisco, recommended the sale of riparian timber for forest reserves in order to build reservoirs for storing irrigation waters. A strong recommendation was also made that legislation be enacted looking to a reduction to the land owners in the cost of construction on reclamation projects whose cost was excessive as reported by the board of cost review.

A permanent memorial to irrigation, to be erected in Salt Lake City, by the congress, was also recommended to be built. A study of the water resources of the world by an international commission was also recommended.

**More Assurance Carranza Is Going Hard After Villa**

(Republican A. P. Leased Wire)

ATLANTIC CITY, N. J., Oct. 18.—Supplemental assurances from General Carranza that he is beginning a new and vigorous campaign against Villa were received today by his representatives on the Mexican-American joint commission. The head of the de facto Mexican government asserted all available troops would be used in the pursuit of the bandit.

The American commissioners reviewed at the joint session a carefully prepared statement of the Mexican commissioners as to conditions as well as proposals for restoration and maintenance of peace along the frontier. This statement also included arguments designed to show why the American troops should be withdrawn from Chihuahua.

The Mexicans insist they are capable of driving Villa and other out-

**On Galician Front**

PETROGRAD, Oct. 18.—(Via London)—Heavy fighting continues along the Galician battle front, the war office reports and stubborn fighting still is in progress.

North of Korytnia fierce and obstinate fighting continues. All enemy counter attacks were repulsed.

North of Korytnia our detachments captured by surprise enemy advanced posts.

In the Carpathian snow is falling and there is fog at some places.

Russian troops in Turkish Armenia have driven off strong forces of Turks and Kurds, according to today's statement, which says:

"On the Galician front: During October 15 and 16 considerable forces of Turks and Kurds attacked our positions at Soudinich mountain, six versts (about forty miles) southwest of Erganian, which is occupied by our gallant Caucasian regiments, but were repulsed with heavy losses."

**Little Damage Done**

LONDON, Oct. 18.—The press bulletin appended a note to a Rottier dispatch received from Amsterdam relative to the alleged "little damage" done in England by the Zeppelin raids of September 22 and October 2, which declared such statements to be "ridiculous fiction," and added: "The secretary to the admiralty states that there is not a word of truth in the statement that a cruiser or warship was damaged. No warship or merchantman, nor any non-military vessel belonging to the navy or mercantile marine, was touched by Zeppelin bombs. The whole story is a fabrication."

**LEOPARD PROSPERITY**

(Republican A. P. Leased Wire)

CLEVELAND, O., Oct. 18.—The prosperity of the United States is leoparding, according to a speech made by Charles Warren Fairbanks, vice presidential nominee of the republican party here today. He attacked the democratic administration as unstable and incapable of dealing with the tremendous economic situation, which will be created at the close of the war when 20,000,000 foreigners go back to work of reconstruction. "The great cry of the democrats at the Baltimore convention," he added, "was to lower the high cost of living. But they are not saying much about that now."

**HANLY IN INDIANA**

(Republican A. P. Leased Wire)

TERRE HAUTE, Ind., Oct. 18.—Some action in Indiana where he hopes to swing a large vote from both parties, J. Frank Hanly, the prohibition candidate for president, today flayed democrats and republicans alike for their "subservience" to the liquor interests. They form an "invisible government," he said, which has slipped old parties, state and nationally, but particularly in Indiana.

**WEALTH CURSE OF INDIAN**

MOHONK LAKE, N. Y., Oct. 18.—When one of the chief causes of the American Indian's poverty is George Vaux, Jr., chairman of the United States board of Indian commissioners, who spoke tonight before the Lake Mohonk conference of the Indian and other dependent peoples. Mr. Vaux's subject was "The Pauperism of Riches; an Indian Paradox."

**Earthquake and Storm Work Havoc in Southern States**

(Republican A. P. Leased Wire)

ATLANTA, Ga., Oct. 18.—The southeast was rocked by earthquake and swept by storm at the same time today. While a tropical hurricane was flying the gulf coast, earth tremors overtook highways and frightened many people from their homes in Georgia, Alabama and Tennessee.

The earthquake did little damage but a wind storm of velocity of 114 miles an hour lifted roofs from houses at Pensacola, Fla., and sank a number of vessels in the harbor. One life was lost.

Mobile reported that it had been touched more lightly, although the wind blew 110 miles an hour. Two small buildings were destroyed and a negro woman was killed by a live wire. Two river steamers were sunk, a schooner and a steamer were driven ashore and small boats were lost.

The earth shocks were felt shortly after four o'clock and were severe in Montgomery and Birmingham, Ala., where swaying office buildings were emptied within a few minutes. In these towns chimneys were destroyed and articles were hurled from shelves in residences and shops. Else-

**French Attacks Repulsed**

BERLIN, Oct. 18.—French attacks in the region of Alençon and Rancourt, north of the river Somme, were repulsed yesterday after hard fighting. British and French attacks, near Thiepval, Courcelles and Pouchyevres, the statement adds, also failed. On both sides of Eaucourt l'Abbaye, it is announced, the German destructive fire reduced the British attack to failure at the outset. North of the Somme, the artillery bombardment was intense.

On the western bank of the Narayuvka river, southwest of Herbitovo, in Galicia, Russian troops stormed a Russian pillbox of support, took 350 prisoners and 12 machine guns.

**Series Are Successful**

SALONIKI, Oct. 18.—(Via London)—Successful operations by the Serbs, east of Monastir, are reported by Serbs today as follows:

October 16, our troops attacked Bulgarian positions at Odzhanova, Sokol (on the Nidje Placina). The operations were continued on the 17th with regularity and success."

**Italians Break Resistance**

ROME, Oct. 18.—(Via London)—Italian troops on Mount Pasubio in the Trentino, yesterday broke the last Austro-Hungarian line of resistance in the region between Cosmagnon and Roite and stormed the Austrian lines north of the summit of Pasubio.

**Youths Are Arrested**

ATHENS, Oct. 18.—(Via London)—A French marine patrol last evening arrested at the point of the bayonet seven youths who were footing the entrance payers. A huge crowd gathered for the purpose of rescuing them. The Greek military commander in Athens called out troops who charged and dispersed the crowd. Greek

**Cheering Grows Greener Wilson En Route Across New York**

(Republican A. P. Leased Wire)

SYRACUSE, N. Y., Oct. 18.—(On Board President Wilson's Special Train).—President Wilson was greeted by cheering crowds at ten New York cities during his brief stops made this afternoon and tonight as he passed through the state on his way to Chicago to speak there tomorrow. At Syracuse he got his first glimpse during the campaign of red lights burning in his honor. The president refused to make extended speeches, but in each town he thanked the crowds briefly for coming to see him. At Albany he said:

"I am a very poor hand, my friends, at commending myself. You all know just exactly what has been done by the present administration, and you know just as well as I do how to judge it, also that I am perfectly content to leave myself in the hands of the jury."

At Onondaga tonight a man in the crowd shouted:

"Hurrah for the second Abraham Lincoln!"

"I am afraid I can't play that game," the president called back.

Mr. Wilson appeared on the observation platform of his private car at Harmon, Poughkeepsie, Albany, Schenectady, Amsterdam, Fonda, Utica, Rome and Onondaga before reaching Syracuse. Stops of more than five minutes were made here and at Albany, but at Onondaga the train paused only for a minute or two.

The president's hand was shaken so vigorously at Albany that the skin was torn off of a finger on his right hand and for several minutes he stood with a bloody handkerchief in one hand, shaking hands with the other.

"It's good red blood, anyway," called out one man.

Tonight Dr. Carey T. Grayson, the White House physician, bound up the injured finger and Mr. Wilson used his left hand in greeting those who met him.

At several stops local democrats had engaged bands which played when Mr. Wilson appeared. Here at Syracuse the

**Several Vessels Lost**

PENSACOLA, Fla., Oct. 18.—Several vessels in the harbor here were sunk, numerous small craft suffered damage, and one life was lost in the terrible tropical hurricane that swept through here today. At one time the wind reached a velocity of 114 miles an hour. Property damage in Pensacola itself was confined chiefly to roofs blown off and plate glass windows destroyed.

The navy aeronautic station near here escaped with comparatively little damage. The newly completed permanent hangars withstood the gale, but several aeroplanes were reported damaged.

The gale came in with terrific and sudden gusts that it blew three or four persons through plate glass windows in the downtown district, and carried away the weather observation tower on top of a high building. The barometer registered 29.95 just before
